Pitie Pour Mes Larmes

Par Mike Patton & Kaada

Album : Romances

You came to take my heart from me

You came to take my heart and saw it

What, for the money again

One is for the money

They say two is for the show

Three to get ready

But I don't want to go

You came to take my heart from me

You came to take my heart and saw it

What, for the money again

You came to take my heart from me

You already threw it all away

One for the money and you're gone

One for the money and you're gone

I knew it from the start

Two for the show is not so hard

Let's reach for the stars
