The Land of Rape and Honey

Par Ministry

Album : Greatest Hits

Face to face

Blood to blood

The mountain

You tumbled from

And in the land of rape and honey

You pray

Step by step

You climb the mountain

You pray

Fist to fist

Eye to eye

The rulers of the wasteland

And in the land of rape and honey

You pray

Step by step

You climb the mountain

You pray

Head to head

Chest to chest

Which country is the very best?

And in the land of rape and honey

You pray

Step by step

You climb the mountain

You pray
