Euthenics

Par Modern Eon

Album : Fiction Tales Plus

I needed to change

I needed to change

It's all in a game that you say, that you say

I could take my loss

Take it back to them

All night long

You're playing chess all day

And no one seems to care

They played chess all day

And no one seems aware

I could take nice back

Selling rented chords

They gave to follow me

To every fashion part in you

As the tape rewinds

A show of hands

As the tape rewinds, rewinds, rewinds

He changed the reel and no one seemed to mind

They played chess all day

And no one seemed to care

They played it yesterday

And no one seemed aware

All night long

All night long

You're playing chess all day

And no one seems to care

They played chess all day

And no one seems aware
