# Baby, I Done Got Wise

Par Muddy Waters

*Album : At Newport 1960*

The gypsy woman, she told me, to let these womens be

To maintain your best friend

I said, are you tellin' me?

**I done got wise**

**Well, to the way you women do**

**You been trying to trick me, baby**

**But oh yeah, the trick's have turned on you**

I don't know if my woman jokin' or what she tryin' to do

Now I done pulled me the right card and I'm paid just like you

**I done got wise**

**Well, to the way you women do**

**You been trying to trick me, baby**

**But oh yeah, the trick's have turned on you**

When I used to come from work, you had four or five cousins around

Now I got me a cousin since I come to town

**I done got wise**

**Well, to the way you women do**

**You been trying to trick me, baby**

**But oh yeah, you know the trick's have turned on you**

There's 52 cards in the deck

I want you to deal me 10

If you can gamble with the women, I'm gonna gamble with them men

I done got wild

Oh yeah, to the way you women do

You been trying to trick me, darling

**But oh yeah, you know the trick's have turned on you**
