### love u

Par mymy

*Album : petunia*

Can't make up my mind

I think that I'm running out of time

Thinking this or that or I'm coming back

Can't make up my mind

I think that I'm running out of time

Thinking this or that or I'm coming back

Give me some more time just to feel you

I don't want to cry, but I need you

**Racing in my head, I can see you**

**Just tell me what you got, I still love you**

**I'm feeling out of touch lately (Lately)**

**Tell me all your secrets, baby**

**I'm feeling out of touch lately (Lately)**

**Just tell me all your secrets, baby**

**Can't tell if you hate me, let's just do it again**

**It's always my fault, let's just blame me again**

**Broke my heart, but you want to be friends**

**Tell me you hate me, but you want to pretend**

**Can't tell if you hate me, let's just do it again**

**It's always my fault, let's just blame me again**

**Broke my heart, but you want to be friends**

**Tell me you hate me, but you want to pretend**

**Give me some more time just to feel you**

**I don't want to cry, but I need you**

**Racing in my head, I can see you**

**Just tell me what you got, I still love you**

**I'm feeling out of touch lately (Lately)**

**Tell me all your secrets, baby**

**I'm feeling out of touch lately (Lately)**

**Just tell me all your secrets, baby**

**Can't tell if you hate me, let's just do it again**

**It's always my fault, let's just blame me again**

**Broke my heart, but you want to be friends**

**Tell me you hate me, but you want to pretend**

Can't tell if you hate me, let's just do it again

It's always my fault, let's just blame me again

Broke my heart, but you want to be friends

Tell me you hate me, but you want to pretend
