# Pretty Rave Girl

Par Nightcore

*Album : 10 Hours Nightcore Mix*

Rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

And when I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

I know this pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

And when I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

I know this pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

Pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

Pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

Pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

I wanna take a chance and, I wanna take a chance and

Oh-oh-oh-oh, oh-oh-oh-oh

Oh-oh-oh-oh, oh-oh-oh-oh

Pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

I know this pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

And when I see her dancing

Always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer, closer, closer

I know this pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer, closer, closer

I know this pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

Getting a little closer and maybe get to know her

Pretty rave girl, always thinking 'bout her

When she says, "Hi" to me, butterflies go right through me

When I see her dancing, wanna take a chance and

I wanna take a chance and, I wanna take a chance and
