beside you in time

Par Nine Inch Nails

Album : With Teeth (UK Bonus Tracks)

I am all alone this time around

Sometimes on the side, I hear a sound

Places parallel, I know it's you

Feel the little pieces bleeding through

And all this goes on

And on, and on, and on, and on, and on, and on, and on

This goes on

And on, and on, and on, and on, and on, and on, and on

Now that I've decided not to stay

I can feel me start to fade away

Everything is back where it belongs

I will be beside you before long

And on this goes on

And on, and on, and on, and on, and on, and on, and on, and on

This goes on

And on, and on, and on, and on, and on, and on, and on, and on

Ooh, we will never die

Ooh, beside you in time

Ooh, we will never die

Ooh, beside you in time
