### What I feel

Tear is in my heart

You're looking in the eye of a devil's well

### What I hear

Tear is in my mind

### Looking in the eye of a devil's well

### Where did he go, son of a been

### Why follow on this like a river's stream

### You're beating in the heat of hell

**What I feel**

A tear is in my mind

**Looking in the eye of a devil's well**

**What I hear**

This tear is in my mind

**Looking in the eye of a devil's well**

**Where did he go, son of a been**

**Why follow on this like a river's stream**

**You're beating in the heat of hell**

**Why follow on this like a river's stream**

**You're beating in the heat of hell**

**You're beating in the heat of hell**

**You're beating in the heat of hell**
