# Master of Deception

Par Noturnall

*Album : Noturnall*

You won't have my life, you piece of shit

Everything I have is gonna set you free

All these smiles means desire

What you give is no tomorrow

Living by your misery

Everything you do is hollow

What you give, it has no value

Overcome with envy

**I want your life, no more disguise**

**I want your life**

**Your life will be mine**

You just don't want my life, you want a piece of me

Everything you do is about yourself

All this greed that moves your life

Shows how tiny you really are, master of deception

**I want your life, no more disguise**

**I want your life**

**Your life will be mine**

**Pain maker**

**Soul eater**

**Frustrated**

**Until you die**

**I want your life, no more disguise**

**I want your life**

**Your life will be mine**

**Pain maker**

**Soul eater**

**Frustrated**

**Until you die**

**Pain maker**

**Soul eater**

**Frustrated**

**Until you die**

**Until you die**
