Guardian Angel

Par Novaspace

Album : Jovem Pan Dance Unplugged CD2

I feel I'm falling apart cause I know I've lost my guardian angel

A fleeting glimpse of your heart losing right from the start no return

And things will never be the same

Tried to find the words that show I sympathise

Words of comfort words that never criticize

Though I know you're simply laughing at me

I just can't stop and simply let it be

Where are all those feelings all my yesterdays

Feelings now I have bring back those bitter ways

Though I know you wanna turn and gloat

I just can't stop and simply let you go

I feel I'm falling apart cause I know I've lost my guardian angel

A fleeting glimpse of your heart losing right from the start no return

And things will never be the same

I feel I'm falling apart cause I know I've lost my guardian angel

A fleeting glimpse of your heart losing right from the start no return

And things will never be the same

Let me see you smile once more that special way

Warm as summer on a chilly winter's day

Though I know you're simply laughing at me

I just can't stop and simply let it be

I feel I'm falling apart cause I know I've lost my guardian angel

A fleeting glimpse of your heart losing right from the start no return

And things will never be the same

And things will never be the same
