WAGE WAR

Par ODUMODUBLVCK

Album : ODUMODUBLVCK Songs

(Recording), yeah

(Blacksheep forever, blacksheep for life)

(Izgaaju 'til we kpeme, Antiworld gangster)

(GE records, you get me? Odumodublvc)

Yeah, Kala (I wan dey off)

Yeah

Even for overseas, they'll never let me go

"Odumo, you dey sleep", I know, Holy spirit cover me cloth

Na why I wage war, wage war (mm, I wage war)

Na why I wage war, wage war

I go wage war

I wage war, wage war (yeah, fuck)

I even arrange war (ahh, Kala)

I arrange war, arrange war (one bag oh)

Na why, na why, na why I wage war

They not only wanna be me (me)

I am who they think they are

Upon all their coup d'état, I'm the one who lead the charge

Kala, na you crash the chart

Everybody for Hip-Hop love this one

Even if they lie, they know I'm the guy

Everything I have, I know they wish they had inside

Down to my shima, with only one glance, them fit off their cigar

Match my cigar, Barber mohawk like I'm Sowore

Which party wan test my gangstar? Which label wan show their power? (Wey dey play)

Jesus dey my back, him dey my corner

Dugged like elanga (Dugged like Elanga), I'm the evil in this forest (ahh)

Use my wood to cut their paper, all my goals have shown I'm premier

Aina, defend the block I'm there

Even for overseas, they'll never let me go

"Odumo, you dey sleep", I know, Holy spirit cover me cloth

Na why I wage war, wage war

Na why I wage war, wage war (wage war)

I go wage war

I wage war, wage war

I even arrange war (I even arrange war)

I arrange war, arrange war (arrange war, arrange war)

Na why, na why, na why I wage war
