I'm Tryna

Par Omarion

Album : O

Damn, I really messed up this time

But I'm a make it up to you

Listen

Seems just like the other day

You were my woman

Shopping malls and holidays

Couldn't tell us nothing

Now your gone away and I'm

Still tryna deny it

But I'm tired from this pain

And I just can't hide it

Its like ooh ooh ooh ooh ooh

I just can't get over you

Girl ooh ooh ooh ooh ooh

Feel like I caught the flu

Girl I'm sick from all these lies and these games

And I'm sick from being the reason we turned out this way

I'm tryna act like I don't want to be with you

Like I would be okay

If you just walked away

I'm tryna act like I don't want to see you

Like you were just a face

I'll forget you in a day

I'm tryna act like I can do without feeling on your booty

Find another ghetto cutie

To do me like you do me yeah yeah

But I'm just so addicted to you

I'm a try but I can't

'cause your all I'm tryna do

See ya here and there with your friends

And I start the frontin'

Act like I been doing my thing

I don't need your loving

But you see it in my eyes

Girl something just ain't right

Since we don't share this bed no more

I can't sleep at night

Its like ooh ooh ooh ooh ooh

I just can't get over you

Girl ooh ooh ooh ooh ooh

Feel like I caught the flu

Girl I'm sick from all these lies and these games

And I'm sick from being the reason we turned out this way

I'm tryna act like I don't want to be with you (ooh ooh)

Like I would be okay (be okay)

If you just walked away (walked away)

I'm tryna act like I don't want to see you (I don't want to see you baby)

Like you were just a face

I'll forget you in a day

I'm tryna act like I can do without feeling on your booty (oh ho)

Find another ghetto cutie

To do me like you do me yeah yeah

But I'm just so addicted to you

I'm a try (oh) but I can't

'cause your all I'm tryna do

Baby I know

Guess I'm changing out the door (Can't play it off like I'm so cool)

Girl you know I'm going straight out my mind

I can't stop thinking bout the things we did and the way we kissed

I know it ain't right playin' like you ain't my time girl

Tryna be a playa got me actin' like I

Like I don't want to be with you

Like I would be okay (like I would never be okay no)

If you just walked away

I'm tryna act like I don't want to see you (but you know I want to see you baby yea)

Like you were just a face

I'll forget you in a day (but I'll never forget you girl)

I'm tryna act like I can do without (oh oh) feeling on your booty (booty)

Find another ghetto cutie (cutie)

To do me like you do me (do me yeah)

But I'm just so addicted to you

I'm a try but I can't

'cause your all I'm tryna do
