# 1 Slash Million

Par omniboi & Ehiorobo

*Album : 1 Slash Million*

Do we, do we

**Have to leave this**

Have to leave this now

**Have to leave this**

Have to now

You're my one and

**Only lover**

**It's something 'bout you**

**Don't you know**

**Won't you give me something I could**

**Hold on to remind of the time**

**We spent together**

**You're my one slash million**

**My apple fritter**

**With jam on the side**

**My one slash million**

**How'd we beat this haystack**

Haystack, haystack, hey

Babe

What are we

Finna do

Used to hang

After school

Via phone

Taking long

After showers

In the driveway

Hittin' lines

Usin' data

All your friends think I'm made up

Until they meet me after all

That's my

**Only lover**

**It's something 'bout you**

**Don't you know**

**Won't you give me something I could**

**Hold on to remind of the time**

**We spent together**

**You're my one slash million**

**My apple fritter**

**With jam on the side**

**My one slash million**

**How'd we beat this haystack**

That's my one out of one

Zero, zero, zero, zero, zero, zero

zero, zero, zero, zero, zero, zero, zero, zero

Comma

**Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero**

**Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero**

**Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero**

**If months went by and steam went missin'**

I'd swim upstream to find my Mrs

I think, I hope you'd do the same for me

**If months went by and steam went missin'**

I'd swim

I hope, I feel you'd do the same for me

**My one slash million**
