I Already Know

Par Opposition

Album : Promises

I felt a change in our situation

Maybe we should change our environment

This pressure is about to explode

I can't hide from it and I can't face it alone

We've known for months but I can't answer you

I enjoy the level but it's not what I'm used to

There's no time to think for ourselves

We have to act before it all falls through

It's 9.30 we're already late, we can talk about it but

I ALREADY KNOW

A step forward takes so much effort

I need a rest but I can't find the time

What we've lost is the conversation

Too much thought leads to too many problems

We've known for months but I can't handle it I

Enjoy the pressure but it's not what I'm used to

There's no time to think for ourselves

We have to act before it all falls through

It's 9.30 we're already late, we can talk about it but

I ALREADY KNOW

I felt a change in our situation

Maybe we should change our environment

This pressure is about to explode

I can't hide from it and I can't face it alone

I ALREADY KNOW
