Behind a Gas Mask

Par Panzer Ag

Album : This is my Battlefield

Beneath the ice

We live our lives

We seek attention

Our frozen hearts

Our frozen minds

Can't feel compassion

Why seek the sun

Why should I care?

A winter year

Hands on the book

Hands on the gun

We need submission

We seek to claim

Drink bio rain

We're all immortal

We breed our sons

To live their life

Behind a gasmask

Why seek the sun

Why should I care?

A winter year

Why seek the sun

Why should I care?

We're all immortal
