# Gods' Dice

Par Pearl Jam

*Album : 2000-06-08: Bercy, Paris, France (#10)*

It's out of my hands making your hands meet

Stumble as it's crumbling out of reach

It's in the cards of destiny your sanity in tow

Designate my luck

Uh, resignate

This power has no roots to guide, no role

Trust me, rusted minds refuse to go

Unwillingness is meaningless to walk away in vain

Designate my will

Ah, designate my fill

Ah, resignate

My will is crashing, synapses flashing slow

Ah, days like frame by frame, where do they go?

Ah yeah, why fight? Forget it, cannot spend it after I go

Roll them high

Throw them again

All gods' dice

Monkey driven, call this the living? Ha.

Ah, too much thought it's overwrought a hole

Yeah, minding yours what's mine not yours

Will finish us off

Ah, designate my life

Ah, designate my view

Ah, resignate my will, my will, my will, I will

Resignate my God
