# Habit

Par Pearl Jam

*Album : Stockholm, Sweden - 06/28/2000*

See it happen to a couple of friends

See it happen and the message it sends

Taking off for what's an obvious fall

Just to see what all the fuss is about

**It's not your way**

**Not your way**

**It's not your way**

Another habit says it's in love with you

Another habit says it's long overdue

Another habit like an unwanted friend

I'm so happy with my righteous self

**It's not your way**

**Not your way**

**It's not your way**

**Never thought you'd habit**

**Never thought you'd habit**

**Never thought you'd habit**

**I never thought you, never thought you**

**Never thought you'd habit**

**Never thought you'd habit**

**Never thought you'd habit**

**I never thought you, never never thought you**

**Never thought you'd habit**

**Never thought you'd habit**

**Never thought you'd habit**

Never thought you'd habit

Never thought you'd habit

Never thought you'd habit

Speaking as a child of the '90s

Never thought you'd habit

Never thought you'd habit

Never thought you'd habit

I never thought you, never thought you

Never thought you'd habit

Never thought you'd habit

Never thought you'd habit

I never thought you, never never thought you

Never

Never me

Never you

Never me
