Love Boat Captain

Par Pearl Jam

Album : 2003-07-08: New York, NY, USA (disc 1)

Is this just another day, this God forgotten place?

First comes love, then comes pain let the games begin,

Questions rise and answers fall, insurmountable

Love boat captain

Take the reigns and steer us towards the clear, here

It's already been sung, but it can't be said enough

All you need is love

Is this just another phase, earthquakes making waves,

Trying to shake the cancer off, stupid human beings,

Once you hold the hand of love, it's all surmountable

Hold me, and make it the truth,

That when all is lost there will be you,

'Cause to the universe I don't mean a thing

And there's just one word I still believe

And it's love

It's an art to live with pain, mix the light into grey,

Lost nine friends we'll never know, two years ago today

And if our lives became too long, would it add to our regret?

And the young, they can lose hope 'cause they can't see beyond today,

The wisdom that the old can't give away

Hey,

Constant recoil, sometimes life

Don't leave you alone

Hold me, and make it the truth,

That when all is lost there will be you

'Cause to the universe I don't mean a thing

And there's just one word that I still believe and it's

Love, love love love love

Love boat captain take the reigns

Steer us towards the clear

I know it's already been sung, can't be said enough

Love is all you need, all you need is love,

Love, love
