# This Too Will Pass (Live at 4 Subat 2007 Bostanci)

Par Pentagram

*Album : 1987 (Live at 4 Subat 2007 Bostanci)*

I believe

In all the visions that you've made up in your mind

I believe

In the point of here and now you read these lines

I've got a word to say, just save the day

In the game you take your part

The evil game lives forever more

While every player shall die

**Don't hide and leave the dark**

**Don't go astray for life**

**Just take your time tonight**

**This too will pass**

Fly away on the wings of moments

That you're breathing out

Fly away, don't rely on the world

It's turning round and round

It's the way we choose you got nothing to lose

In the game we place our lives

All that appears will turn to dust

Like every pain shall rise

**Don't hide and leave the dark**

**Don't go astray for life**

**Just take your time tonight**

**This too will pass**

**Don't hide and leave the dark**

**Don't go astray for life**

**Just take your time tonight**

**This too will pass**

**Oh-oh-oh-oh-oh-oh**

Oh-oh-oh-oh-oh-oh

Oh-oh-oh-oh-oh-oh
