# Growing Up (Tom Lord-Alge Mix)

Par Peter Gabriel

*Album : Peter Gabriel Hit (CD 1 Hit)(deutsche Version)*

Folded in your fleshy purse

I am floating once again

While the muted sounds are pumping rhythm

All the walls close in on me

Pressure's building wave on wave

'Til the water breaks - and outside I go

Oh...

One dot (that's on or off, defines what is and what is not)

One dot

Two dot (a pair of eyes, a voice, a touch, complete surprise)

Two dot

**Growing up (growing up)**

**Looking for a place to live**

**Growing up (growing up)**

Looking for a place to live

Growing up (growing up)

Looking for a place to live

My ghost likes to travel so far in the unknown

My ghost likes to travel so deep into your space

Three dot (a trinity, a way to map the universe)

Three dot

Four dot (is what will make a

Square, a bed to build on, it's all there)

Four dot

My ghost likes to travel so far in

The unknown (my ghost like to travel)

My ghost likes to travel so deep into your space

The breathing stops, I don't know when

In transition once again

Such a struggle getting through these changes

And it all seems so absurd

To be flying like a bird

When I do not feel I've really landed here

Well on the floor there's a long wooden table

On the table there's an open book

On the page there's a detailed drawing

And on the drawing is the name I took

**My ghost likes to travel so far in the unknown**

**My ghost likes to travel so deep into your space**

**Growing up (growing up)**

**Looking for a place to live**

**Growing up (growing up)**

**Looking for a place to live**

**Growing up (growing up)**

**Looking for a place to live**

**Growing up (growing up)**

**Looking for a place to live**

**My ghost likes to travel (moving inside)**

**My ghost likes to travel (moving inside of your space)**

**My ghost likes to travel (moving inside)**

**My ghost likes to travel (moving inside of your space)**
