Green Manalishi

Par Peter Green Splinter Group

Album : Peter Green Splinter Group The Best Of CD2

Now when the day goes to sleep and the full moon looks

The night is so black that the darkness cooks

Don't you come creeping around

Making me do things I don't want to

Can't believe that you need my love so bad

Come sneaking around trying to drive me mad

Busting in on my dreams

Making me see things I don't want to see

'Cause you're the Green Manalishi with the two prong crown

All my trying is up, all your bringing is down

Just taking my love then slipping away

Leaving me here just trying to keep from following you
