Satellite

Satellite

I wonder how clear it must look from there to here

No obstruction, this selfish corruption all in this atmosphere

No fear, less tears, only time to catch my breath, I fail to inhale

Your love constricts my chest

Confusion blinded me, mental and physically

And it's because of you, that now I can see

So now I can run, I follow the Son and ride on to Zion

And dance this last song of freedom

But only time will tell, if it's truly for real

Can't change your mind, all I know this is what I feel

Whether I'm wrong or right

Please keep my life in sight and never take your eyes off me

As I look up to the sky today

Well I can see you looking down on me

It brings a smile to my face again

It's truly one of a kind, like star shine, beyond night time, are you there?

My eyes stare to find just what's behind

Blind notion of mine, is it genuine?

'Cause sometimes, it plays tricks with my mind, some call it asinine

But it's like love or hate, now is that real or fake?

'Cause it's a real thin line, but that's your choice to make

The question at hand, help me understand, is this your plan?

I think I can, can I think, then I think I can

Because I won't break (nah)

And I won't shake (nah)

With lifted hands to this Man (Jah)

I'll stand in faith

I'll make it through, my trust in you

Close my eyes, make a wish, kiss the sky, hey there - I see you

Satellite (when I look up to the sky today)

I can feel you looking down on me (satellite)

It brings a smile to my face again, satellite

**Satellite, satellite**

**My blinding light, blinding light**

**Shining light, shining light**

Blinding light, blinding light

Satellite, satellite (as I look up to the sky today, satellite)

It brings a smile to my face again (satellite, satellite)

It's truly one of a kind, like star shine

Beyond night time are you there?
