### Set It Off

Par P.O.D. [Payable On Death]

*Album : Satellite [Limited Edition]*

Our time has come, watch me set it off

It's been a while but we back so you can count it loss

We lay and wait, don't hesitate

When opportunity knocks break the lock and rush the gates

Seize the day, we got moves to make

It's got to be now 'cause we're half past late

Say what you say, but you ain't shown me nothin'

If you want me to feel you then you best to give me somethin'

All bark and no bite, talking all hype

I hang with the illest you I don't recognize

Desensitize and paralyze

Sabotage headquarters, flood your bloodlines, we sterilize

**Here we come chant down dem Babylon**

**The wicked man when he sees me I go run**

Me understand why dem cowards don't want none

**Underground blaze the sound to Armageddon**

**Our time has come**

**Set it off (rise)**

**Let your spirit fly (rise)**

**Stand up for yourself (rise)**

**Hold your head up high**

**Our time has come set it off (rise)**

**Let your spirit fly (rise)**

**Stand up for yourself (rise)**

**Hold your head up high**

**Our time has come set it off**

Choose my battles, unravel your crew, dismantle

They still can't handle or fathom what I throw at 'em

I can't imagine, they babblin', acting like I'm laughing

Don't find it funny but I smile at your sarcasm

You plastic, so tragic, you fake so you mask it

No gimmicks, no antics we do real and we've outlasted your phoniness

So you best to come correct

You want to disrespect why do cowards talk the loudest?

Papa didn't raise no punk on everything I love

If you ready then come and get it son

Overpower the strong tower

Infiltrate top ranks count down the final hour

**Here we come chant down dem Babylon**

**The wicked man when he sees me I go run**

Me understand why the cowards don't want none

**Underground blaze the sound to Armageddon**

**Our time has come**

**Set it off (rise)**

**Let your spirit fly (rise)**

**Stand up for yourself (rise)**

**Hold your head up high**

**Our time has come set it off (rise)**

**Let your spirit fly (rise)**

**Stand up for yourself (rise)**

**Hold your head up high**

**Our time has come set it off**

Rise

**Let your spirit fly**

**We made it, we made it**

**We made it this far**

**Let your spirit fly**

Don't you quit, don't you quit

Don't you quit on me

**Let your spirit fly**

**We made it, we made it**

**We made it this far**

**Let your spirit fly**

Rise

Rise

Rise

**Set it off (rise)**

**Let your spirit fly (rise)**

**Stand up for yourself (rise)**

**Hold your head up high**

**Our time has come set it off (rise)**

**Let your spirit fly (rise)**

**Stand up for yourself (rise)**

**Hold your head up high**

**Our time has come set it off**

**(Rise) Let your spirit fly**

**(Rise) Let your spirit fly**

**(Rise) Let your spirit fly**

**(Rise) Let your spirit fly**

**(Rise) Let your spirit fly**

**(Rise) Let your spirit fly**

**Our time has come set it off**
