# Numb

Par Portishead

*Album : Glory Live*

I'm ever so lost

I can't find my way

Been searchin', but I have never seen

A turnin', a turnin' from deceit

'Cause a child, roses light

Tried to reveal, what I could feel

I can't understand myself

Anymore

'Cause, I'm still feelin' lonely

Feelin' so unholy

'Cause a child, roses light

Tried to reveal, what I could feel

I'm lonely

**It just won't leave me alone**

Oh, no

(I think this is right)

I'm foolin' somebody

A faithless path, I roam

Deceiving, to breathe this secretly

The silence, the silence, I can't bear

'Cause a child roses light

Tries to reveal, what I could feel

**And this loneliness**

**It just won't leave me alone**

Oh, no

**And this loneliness**

**It just won't leave me alone**

**A lady of war**

**A lady of war**
