# Injected With a Poison

Par Praga Khan

*Album : Sampler*

Injected with a poison, injected with a poison

**There's a rainbow in side my mind**

**There's a rainbow in side my mind**

**There's a rainbow in side my mind**

**There's a rainbow in side my mind**

Injected with a poison

We don't need that anymore

Free your body use the energy

Free your body, I'm in ecstasy

Free your body, use your fantasy

Free your body

Injected with a poison injected with a poison

Are you listening to me
