# New Power Generation, Part II

Par Prince

*Album : Graffiti Bridge*

Don't pick my apples, don't pick my peaches

**(We are the new power generation)**

Leave my tree alone

**Leave it alone**

**Leave it alone**

**(We are the new power generation)**

Don't you look at me

**(We are the new power generation)**

If you're sad and you know it and you think you want to blow it

Let your feelings out, love is there

Just go

Kid! Yo Kid!

I got to do this, I got the noise, I got to do this

So pump the big noise, come on in the house

This here rap's about the true confession

If you listen close you about to learn a lesson

You must know failure before success

Now this is the failure I must confess (well)

I was hanging onto life trying deal with this

Playing the games, almost got dismissed

Cocaine was the thing that I took on

And nowhere was the place that I was going (preacher, cmon on)

I must tell the truth, I cannot lie

I was headed for the kill, steal, destroy, and die

Top to the bottom to bottom to top

Success is where I'm headed there is no doubt

Success is something that we all want

But the truth is what we need to reach our point

I had to give this message the so-called truth

I hope it's something in it that's there for you

Like I told ya before, I'm a tell you again

Success is something that's deep within

So remember the truth you can't go wrong

The flesh is weak and the spirit is strong

I know it to do this rap, and I know its right

Because I did it in the name of Jesus Christ

(Come on somebody lets party tonight)

Party tonight! (oh yeah!)

You want me to what? (shake)

What? (Shake shake)

Alright

(The New Power Generation has just taken control)
