Dollhouse

Par Priscilla Renea

Album : Promo Only Mainstream Radio September

I'm just a girl

You're just a boy

This is my heart

It's not a toy

So what's with you playing with my mind?

We used to be cool

This used to be love

Now it's become

Something like a job

Like it or not

Maybe things were changing

Right before our eyes

I tried to be your picture perfect girl

But you were in your own fantasy world

Tryna control me

Like some kind of barbie

But that just ain't me

'Cause I ain't a doll

This ain't a dollhouse

You're way too old to be

Putting me down like this

And playing around like this

I ain't a doll

This ain't a dollhouse

No I could never be

Stuck living life like this

Behind these four walls

'Cause I ain't a doll

You call the shots

Right down to my shoes

I liked what you liked

'Cause you told me to

And I don't think that you could even tell

I fell out of love

But it never showed

I gave up on us

So long ago

But you'll never know

Baby don't pretend like you know me so well

I tried to be your picture perfect girl

But you were in your own fantasy world

Tryna control me

Like some kind of barbie

But that just ain't me

I ain't a doll

This ain't a dollhouse

You're way too old to be

Putting me down like this

And playing around like this

I ain't a doll

This ain't a dollhouse

No I could never be

Stuck living life like this

Behind these four walls

'Cause I ain't a doll

I'll never be made of plastic

So glad that my heart's elastic

No matter what you do

I'll bounce back off of you

Cut me but I'm not bleeding

I tried to be your picture perfect girl

But you were in your own fantasy world

Tryna control me

Like some kind of barbie

But that just ain't me

I ain't a doll

This ain't a dollhouse

You're way too old to be

Putting me down like this

And playing around like this

I ain't a doll

This ain't a dollhouse

No I could never be

Stuck living life like this

Behind these four walls

And I come with imperfections

Epitome of perfection

If you can't understand

Loving the way I am

Then you're no good for me

So glad I kept my receipt
