Love an Adventure

Par Pseudo Echo

Album : The Essential

Days and the years go by

Always passing time

Never realise all the questions in my mind

Sure I need an answer

Sure I need a high

But I don't anticipate

I just wait till the moment's right

'Cause I love an adventure

A journey into my mind

Yes I love an adventure

It's something to pass the time

Now as I realise

Nothing is enough

Time is on my side

Even though times can get rough

Yes I need the reasons

Reasons in your mind

But I don't anticipate

I just wait till the moment's right

'Cause I love an adventure

A journey into my mind

Yes I love an adventure

It's something to pass the time
