# My Melancholy Blues

Par Queen

*Album : The Miracle*

Another party's over, and I'm left cold sober

Baby left me for somebody new

I don't wanna talk about it

Want to forget about it

Wanna be intoxicated with that special brew

So come and get me, let me

Get in that sinking feeling

That says my heart is an all time low

So don't expect me

To behave perfectly, and wear that sunny smile

My guess is I'm in for a cloudy and overcast

Don't try and stop me

'Cause I'm heading for that stormy weather soon

I'm causing a mild sensation, with this new occupation

I'm permanently glued, to this extraordinary mood

So now moveover, and let me take over

With my, melancholy blue

I'm causing a mild sensation

With this new occupation

I'm in the news, I'm just getting used to my new exposure

Come into my enclosure

And meet my, melancholy blues
