The Hero (October 1980... Revisited)

Par Queen

Album : Flash Gordon (2011 Deluxe Remaster) 2

So you feel that you ain't nobody

Always needed to be somebody

Put your feet on the ground

Put your hand on your heart

Lift your head to the stars

And the world's for your taking

So you feel it's the end of the story

Find it all pretty satisfactory

Well I tell you my friend

This might seem like the end

But the continuation

Is yours for the making

Yes you're a hero
