Goodness and Beauty

Par Rai

Album : Goodness and Beauty

My baby's on borrowed time

She's got two train tickets to the bottom line

My baby ain't doing fine

She's got real bad feelings running down her spine

She's got a

Compartmentalized state of mind

She's got two middle fingers for the uninclined

She ought to listen to the jaws of fate

She's got a

Bone to pick with the head of state

So many questions stay unanswered in my mind

Goodness and beauty ain't getting easier to find

I stopped to smell the roses and I lost my place in line

I fill the holes with sleeping pills and cyanide

Like I'm living in a nightmare

Oh, the mutilation never ends

Is anybody out there?

Tell me that there's time to make amends

Got my eyes shut tight and my nostrils wide

I'm taking in the vibes

Gonna play both sides, gonna turn those tides

I'm raking in the highs

My baby's chalk full of life

She's got red hot sedition pouring down her knife

You know?

Sweets dreams and gasoline carve through her self-esteem

I got symptoms alphabetical and

Grievances ephemeral and

Secrets hypothetical to spare

I invest in the heretical and

Prejudice identical and

All the theoretical affairs

So many questions stay unanswered in my mind

Goodness and beauty ain't getting easier to find

I stopped to smell the roses and I lost my place in line

I fill the holes with sleeping pills and cyanide

Like I'm living in a nightmare

Pure imagination never ends

Is anybody out there?

Tell me where the angels play pretend

Got my eyes shut tight and my nostrils wide

I'm taking in the vibes

Gonna play both sides, gonna turn those tides

I'm raking in the highs

Go on, do it again, Go on, do it again, Go on, do it again,

Go on, do it again, Go on, do it again

Don't do it again, Don't do it again, Don't do it again,

Don't do it again, Don't do it again, Don't do it again,

Don't do it again, Don't do it again,

Like I'm living in a nightmare (living in a nightmare)

Pure imagination never ends

Is anybody out there?

Tell me where the angels play pretend (don't do it again)

Got my eyes shut tight and my nostrils wide

I'm taking in the vibes (don't do it again)

Gonna play both sides, gonna turn those tides

I'm raking in the highs
