Until the Sun Needs to Rise

Par RÆFÆS DU SOL

Album : Bloom

If you're coming with me

Know I gotta make a move

Sleeping by the freeways

Looking for the thing I choose

I know I gotta go

I know I gotta see this through

I'm hoping that you'll be there

Hoping that you feel it too

Staring out the window

Changing up my point of view

Out across the border

Fall into a daydream of you

But I don't want to go

If you don't want to go there too

And I don't want to see it

If you don't want to see this through

Until the sun needs to rise

We sleep until the morning comes

So don't you open your eyes

'Til it's dawn

Until the sun needs to rise

We sleep until the morning comes

So don't you open your eyes

'Til it's dawn

Burning up beside me

Fire in the ocean blue

Leave it all behind me

Nothing here to hold onto

I know I gotta go

I know I gotta see this through

I'm hoping that you'll be there

Hoping that you feel it too

Until the sun needs to rise

Until the sun needs to rise

Until the sun needs to rise

We sleep until the morning comes

So don't you open your eyes

'Til it's dawn

Until the sun needs to rise

We sleep until the morning comes

So don't you open your eyes

'Til it's dawn
