Feels Like Today (Album Version)

Par Rascal Flatts

Album : Feels Like Today

I woke up this morning
With this feeling inside me that I can't explain
Like a weight that I've carried
Been carried away, away
But I know something is coming
I don't know what it is
But I know it's amazing, you save me
My time is coming
I'll find my way out of this longest drought
And It feels like today I know. It feels like today I'm sure

Its the one thing that's missin'

The one thing your'e wishin'

The last sacred blessin'

It feels like today

Feels like today

You treat life like a picture
But its not a moment that's frozen in time
It's not gonna wait
'Till you make up your mind, at all
So while this storm is breaking
While there's light at the end of the tunnel
You keep running towards it
Releasing the pressure that's your heartache

Soon this dam will break

And it feels like today

I know, it feels like today, I'm sure

It's the one thing that's missin'

The one thing you're wishin'

The last sacred blessin'

It feels like today

Feels like today'

Oh. Ooooh.

And it feels like today

I know, it feels like today, I'm sure

Its the one thing that's missin'

The one thing you're wishin'

The last sacred blessin'

It feels like today

Feels like, feels like your life changes

Feels like, feels like your life changes

Its the one thing that's missin'

The one thing you're wishin'

The last sacred blessin'

Feels like today. Feels like today. (Feels like, feels like your life changes.)

Feels like today

Feels like Feels like your life changes

Feels like Feels like your life changes
