# One Wish

Par Ray J

*Album : Billboard Top 100 of 2006*

Can I talk to you for a minute?

You know I've been thinkin' to myself

We had a lotta good times together (c'mon baby, c'mon darling)

Yeah, we did everythin' together

Yeah, we would wake up early in the mornin' (all I need, all I need, all I need is a chance to make it right)

And just get in the car and just ride on out, 'member that? (all I need, all I need is just one wish)

We used to watch the sunrise (one wish, one wish)

We used to watch the sunset (all I need, all I need, all I need is a chance to make it right)

We was everything to each other, you know (all I need, all I need is just one wish)

Damn, I miss those days (one wish, one wish)

You know, if I could just- (all I need, all I need, all I need is a chance to make it right)

If I could just hold you in my arms, you know what I mean? (all I need, all I need is just one wish)

It'd just feel so good (one wish, one wish)

If I could just have one wish (one little itty bitty wish)

Damn, baby

Just don't understand where we went wrong

I gave you my heart

I gave you my soul

I gave you

As a matter of fact I was the one who said I love you first

It was about eight years ago, don't act like you don't know

We were sittin' at home in your mama's livin' room, 'cause we couldn't be alone

See your mama knew I was somethin' else, she knew how I felt

Back then we were in school and that's your favourite excuse

See, growin' up I was a fool; and I can't lie I'm missing you

Listen and don't trip

I think I need a bottle with a genie in it

### Here's my wish list

First one, I would create a heart changin' love

Second one, I'll take yours and fill it all up

Third one, but I don't need a lot of wishes, 'cause

I'll be okay if I get one

If I had one wish, we would be best friends

Love would never end, it would just begin

**If I had one wish, you would be my boo**

Promise to love you, trust me I'll trust you

**If I had one wish, we would run away**

Making love all day, have us a baby

**If I had one wish, I'd make you my whole life**

**And you'd be my wife, make it right this time**

**If I had one wish**

**One wish, one wish, one wish**

**One wish, one wish, one wish**

**One wish, one wish, one wish**

**One wish, one wish, one wish**

Now tell me, is this the only way I can get you right back in?

If so then searchin' I'll go, then I can have you fo' sho

Then you'll be lovin' me, holdin' me, kissin' me

So girl don't tell me what I'm feelin' is make believe

I swear if I lose a second chance with you

I wouldn't know what to do

I'd probably check myself into some kind of clinic

I couldn't be alone, because without you I'm sick

### Here's my wish list

First one, I would create a heart changin' love

Second one, I'll take yours and fill it all up

Third one, but I don't need a lot of wishes, 'cause

I'll be okay if I get one

If I had one wish, we would be best friends (we'd be best friends)

Love would never end, it would just begin (starting here right now)

If I had one wish, you would be my boo

Promise to love you, trust me I'll trust you (I'll trust you)

If I had one wish, we would run away (yes we would)

Making love all day, have us a baby (it would feel so good)

If I had one wish, I'd make you my whole life (oh yeah)

And you'd be my wife, make it right this time

If I had one wish

I don't even know how we ended upon this road

And, even though we are grown, girl I just want you to know

### **If I had one wish, we would be best friends**

Love would never end, it would just begin (love would never end)

If I had one wish, you would be my boo (would you be my girlfriend?)

Promise to love you, trust me I'll trust you ('cause I promise to love you, trust me baby, and I'll trust you)

If I had one wish, we would run away (one wish, one wish)

Making love all day, have us a baby (one wish; have us a baby)

If I had one wish, I'd make you my whole life (yes I will)

And you'd be my wife, make it right this time (yes I will)

If I had one wish, we would be best friends (some people wish to be a superstar, wish to have a fancy car)

Love would never end, it would just begin (wish to have a million bucks, I'm wishing on being in love)

If I had one wish, you would be my boo (oh baby, pretty baby)

Promise to love you, trust me I'll trust you (I make one wish, and I wish it all on you)

### **If I had one wish, we would run away**

Making love all day, have us a baby (making love at the break of dawn)

### **If I had one wish, I'd make you my whole life**

### **And you'd be my wife, make it right this time**

### **If I had one wish**

One wish

One wish

One wish

One wish

One wish

One wish

One wish

One wish

One wish

One wish
