# New Year's Resolution

Par Redding, Otis & Carla Thomas

*Album : King & Queen*

I hope it's not too late

Just to say that I'm sorry, honey

All I want to do

Is just finish what we started, baby

Let's turn over a new leave

**And baby let's make promises**

**That we can keep**

And call it a new year's resolution, hmm

Oh, I'm a woman

And woman makes mistakes too

But will you, will you forget the changes

That I put you through

Oh, let's try it again

Just you and me

And, baby, let's see how happy honey, yeah

That we can be

And call it a new year's resolution, yeah

Many times we had our ups and downs

And times you needed me I couldn't be found

I'm sorry

And I'm sorry too

I'll never, never do it again, no, no, no

So baby before we fall out

Let's fall on in, yeah, yeah

Oh, and we're gonna try harder

Not to hurt each other again, oh

Love me baby, huh

Week after week

**And baby let's make promises**

**That we can keep**

And call it a new year's resolution, yeah, oh

I know we can do it Carla

I'm gonna keep my promises

I'm gonna hold on that we can do it, baby

Oh, it's not too late

You're gonna love me, nobody else

Oh, Otis let's finish what we started

Love me, talk holding me

This is I wanted to give, darling

The same for you honey

And call it a new year's resolution
