The Machine

Par Reed Wonder & Aurora Olivas

Album : The Machine - Single

Fell in love with the machine

Fell in love with you

I made something

That'll love me

Even when im wrong

I made something that'll love me

Even with my faults

My Faults

Fell in love with a machine

Fell in love with you

Baby when we touch

Feels like you were made to take all my love

Something about you I can't get enough

I can't get enough

Fell in love with a machine

Fell in love with you

Baby when we touch

When we touch

Feels like you were meant to take all my love

All of my love

Something about you I can't get enough

I can't get enough

Fell in love with The machine

Fell in love with you

I designed you

With a mind to

Understand my thoughts

I designed you

I refined you

To be what I want

And I want you

Baby when we touch

Feels like you were meant to take all my love

Something about you I can't get enough

I can't get enough

Fell in love with a machine

Fell in love with you

Baby when we touch

When we touch

Feels like you were meant to take all my love

All of my love

Something about you I can't get enough

I can't get enough

Fell in love with the machine

Fell in love with you

Baby when we touch

Feels like you were meant to take all my love

All my love

Something about you I can't get enough

I can't get enough

Fell in love with a machine

Fell in love with you
