We Care

Par Reel Big Fish

Album : Why Do You Rock So Hard

Thanks for the money, thanks for dancing

And singing along and everything you do

We just want you to know we care

(We care)

Thanks for calling us sellouts and not taking a joke

Talking shit, covering us with spit

We're so glad to know you care

(We care)

And we're sorry that so many people

Got to enjoy our music

By hearing us on the radio

We love you, we love you

Because you really understand

We love you, we love you a lot

How could we not, say it again

We love you, we love you

Because you really understand

We love you, we love you a lot

We always thought lines are thin

We care (we care) (we care) (we care)

I'm not talking about everybody

Sorry to waste sung any time like this

We're so lucky to have you there

We care

And I know that some of you get it

And you're not ashamed to admit it

'Cause you're still with us after all

We love you, we love you

Because you really understand

We love you, we love you a lot

How could we not, say it again

We love you, we love you

Because you really understand

We love you, we love you a lot

We always thought lines are thin

We love you, we love you, we love you

We love you, we love you, we love you

We love you, we love you, we love you

We love you, we love you, we love you

We love you
