Hey Love (Mike Voc / Demo)

Par R.E.M.

Album : Automatic For The People (Deluxe Edition)

In your garden

I hold you close to your heart

I'm the hands and I'm your face

Find me, kitten

All your words, they sound like me

Only roses you can hide

I'm your interest when you want

Find me, kitten

I take it from your heart

Where everything just grows around

I'm your tool and I'm your stone

Find me, kitten

Taste it as I chew

This can never end

It could depend, I hope that you

Hey now, I'm on fire

I'm only yours for just a while

In your window, I'm your face

Find me, kitten

You are wild

I'm free to roam

Find me, kitten

You are wild

And free to roam

Find me, kitten

You are wild

And free to roam

Find me, kitten

Do you like it?
