(I Believe) Our Time Is Gonna Come

Par R.E.O. Speedwagon

Album : A Decade Of Rock And Roll (2011 RM)

You touched me. You took me away.

You left me confused when you said you couldn't stay.

But now I know what you were trying to say.

I can understand that I'm not the only one.

But I believe our time is gonna come.

I dream of you through every night,

But you're not risin' with me, so I don't wanna see the light.

Even if you can't come over, and I hoping that you might

'Cause when you're not here nothing's any fun.

But I believe our time is gonna come.

I believe our time is gonna come

I believe our time is gonna come

I believe our time is gonna

I believe our time is gonna come
