Album : ALL TIME BEST mixed by MIGHTY CROWN

Masta blasta the real mix master

I be the real tight music conductor

Always steppin up to fake mother fuckers

They got to chill and party all night

We got the force to go through the mid coerce

Ride the horse with the horn white unicorn

Play the track from dusk till dawn

Our tune will never be gone

Feel it, feel it, feel it, feel the music

Hear it, hear it, hear it

Music combines with all minorities

Fills up the core with the word U-unity

Feel the peace trust love and music

Play the track and let's go through it

Be a bomber Mr. Bomber!

We all down to be the Green smoker!

Feel the music boomin to the jive

We go down and check, check, the hive

Feel it, feel it, feel it, feel the music

Hear it, hear it, hear it

We got to find the path to get us there

We know where and we're gonna be there

New York is the place to be

Tokyo to New York were gonna be there!

Feel it, feel it, feel it, feel the music

Hear it, hear it, hear it,

hear the music
