Children (Dream Version)

Par Robert Miles

Album : Dreamland ?New Edition [Bonus Track]

If all the children of the world would hold each other's hands

They'll be giving off such a strength

That all the walls of hate, war, and racism will fall down

Children know, understand, and believe

That there'll be more and more

Love and peace, for eternity, love and peace, for everybody

Ah-ah-ah

Ooh-ooh-ooh-ooh

Ah-ah-ah

Ooh-ooh-ooh

Children of the world, scream your dreams

Children of the world never fear

Children of the world, scream your dreams

Children of the world, get together, get together, get together

Scream your dream

Hear the crying (hear)

Scream your dream

Hear the crying (hear)

Children, children

Children

Children, children

Children

Children, children

Children, yeah-yeah-yeah-yeah

Love and peace, for eternity, love and peace, for a future time

Love and peace, for you and I, love and peace, for everybody

Love and peace, for eternity, love and peace, for a future time

Love and peace, for everybody

For everybody

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Children of the world, scream your dreams

Children of the world never fear

Children of the world, scream your dreams

Children of the world, get together, get together, get together

Love, love, love and peace, for everybody

Love, love, love and peace, love and peace

Love, love, love and peace, for everybody

Yeah-yeah-yeah-yeah

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, love-love and peace

Love and peace, for everybody
