She Know

Par RRCayden

Album : She Know

She know

She know, uh-oh

I've been wantin' her for to ride my wave, on my side, all day

She know, oh-oh

That I ain't been livin' right, it's okay

Please don't take your time with me, bae, oh

Spendin' time up in jail with no visits, no

I was losin' my time in that prison

Hopin' that you all away, oh-oh

All away with your nigga

All these hoes in my life, they ain't mine, how you figured?

I wan' get 'em, I'm out on my way for to get 'em

I ain't worried 'bout nothin'

I want you 'cause you realer

Through the night, through the sun, I want you on my pillow

I feel that I'm realer

I'm tired of these niggas, I'm tired of these bitch?s, I'm not in my feelings

Show me that you triller

I'm tryna stay sane, but th?y keep tryna get in my brain

Hit the light in the day, and buy you a range

Leave the town any day, buy you anything

You know, you know

Hold me down, I don't need these hoes

You gon' keep me strong

Long way, we go

She know, oh-oh

I've been wantin' her for to ride my wave, on my side, all day (She know, and she know)

She know, uh-oh

That I ain't been livin' right, it's okay (Oh)

Please don't take your time with me, bae, oh

Don't take your time

Right now, wanna make you mine

Right now, want you here on my side

What you say Big Slime? I say, "Don't take your time, love me right away"

Drugs, I'm medicated

Our bond, ain't never fake

Know she beatin' any bitch up, yeah

Know for Lil Top she'll get a nigga sticked up

Admit for anything that a vibe I done picked up

Took her from the Honda to the Bentley, that's a big truck

If this shit ain't goin' right, then I'll make it go left

Shootin' at everything we don't care if the sheriff there

I don't care about no money, we gon' share every share of it

If I leave and you callin' me to come back, I'm gettin' there

She know, uh-oh

I've been wantin' her for to ride my wave, on my side, all day (She know, ride my wave, all day)

She know, oh-oh

That I ain't been livin' right, it's okay (She know)

Please don't take your time with me, bae, oh

She know, uh-oh

I've been wantin' her for to ride my wave, on my side, all day (She know, ride my wave, all day)

She know, oh-oh

That I ain't been livin' right, it's okay (She know)

Please don't take your time with me, bae, oh
