# Distant Early Warning

Par Rush

*Album : The Best of Rush*

An ill wind comes arising

Across the cities of the plain

There's no swimming in the heavy water

No singing in the acid rain

**Red alert, red alert**

It's so hard to stay together

Passing through revolving doors

We need someone to talk to

And someone to sweep the floors

Incomplete, incomplete

**The world weighs on my shoulders**

**But what am I to do?**

**You sometimes drive me crazy**

**But I worry about you**

**I know it makes no difference**

**To what you're going through**

**But I see the tip of the iceberg**

**And I worry about you**

Cruising under your radar

Watching from the satellites

Take a page from the red book

Keep them in your sights

**Red alert, red alert**

Left and rights of passage

Black and whites of youth

Who can face the knowledge

That the truth is not the truth?

Obsolete, absolutely, oh

**The world weighs on my shoulders**

**But what am I to do?**

**You sometimes drive me crazy**

**But I worry about you**

**I know it makes no difference**

**To what you're going through**

**But I see the tip of the iceberg**

**And I worry about you**

**The world weighs on my shoulders**

**But what am I to do?**

**You sometimes drive me crazy**

**But I worry about you**

**I know it makes no difference**

**To what you're going through**

**But I see the tip of the iceberg**

**And I worry about you**
