Templars

Par Sabaton

Album : Unknown

The poor fellow soldiers of Christ and the temple

Their mission, a journey about to begin

Safeguard the path, the way to salvation

Protecting the faithful, a journey within

The Holy Order ignite the flame

Protect the border, Jerusalem calling their name

God's call, Holy Order

Knights of Jesus Christ

Charge from the temple

God's own chosen warriors

Templars on the march

Charge from the Temple Mount

Judgement awaits in the Kingdom of Heaven

A royal betrayal, accusal of sin

The lies of a king and Papal damnation

Demise of the order, this fight they can't win

False accusations put out the flame

Assassinations, Jerusalem still calls their name

God's call, Holy Order

Knights of Jesus Christ

Charge from the temple

God's own chosen warriors

Templars on the march

Charge from the Temple Mount

False accusations put out the flame

Assassinations, Jerusalem still calls their name

God's call, Holy Order

Knights of Jesus Christ

Charge from the temple

God's own chosen warriors

Templars on the march

Charge from the temple

God's call, Holy Order

Knights of Jesus Christ

Charge from the temple

God's own chosen warriors

Templars on the march

Charge from the Temple Mount
