Nothing's Gonna Stop Us Now

Par Samantha Fox

Album : Top 40 En Tipparade uit 1987

Nothing's gonna stop me now (stop me now)

Nothing's gonna stop me now (stop me now)

There was a time (time)

I couldn't get you out of my mind (mind, mind)

And since the day you came

You tried to take control of me

Then came a day (day)

I thought about running away (away, away)

And now my bags are packed

Don't even think of holding me back

Nothing's gonna stop me now

Then I don't wanna talk it over

I said nothing's gonna stop me now

Gonna break it up, gonna take my love away, yeah, yeah

Day after day (day)

I started slippin' away (away)

You took my self-respect, and

You made a fool of me

Time after time (time)

I turned it 'round in my mind (mind)

And now my mind's made up

To leave the past behind me

Nothing's gonna stop me now

Then I don't wanna talk it over

I said nothing's gonna stop me now

Gonna break it up, gonna take my love away

Nothing's gonna stop me (yeah, yeah)

Nothing's gonna stop me now (oh-ah, oh-ah)

Nothing's gonna stop me

Nothing's gonna stop me now (oh-ah, oh-ah)

Time after time (time)

I turned it 'round in my mind (mind)

And now my mind's made up

To leave the past behind me

Nothing's gonna stop me now

Then I don't wanna talk it over

I said nothing's gonna stop me now

Gonna break it up, gonna take my love away

Nothing's gonna stop me now (away)

Then I don't wanna talk it over

(Eh) I said nothing's gonna stop me now

Gonna break it up, gonna take my love away

Nothing's gonna stop me now (away)

Then I don't wanna talk it over

I said nothing's gonna stop me now

Gonna break it up, gonna take my love away

Nothing's gonna stop me now (away)

Then I don't wanna talk it over
