Trouble Is a Man

Par Sarah Vaughan

Album : The Complete Roulette Sarah Vaughan Studio Sessions

A woman gets all the blame
For everything that happens under the sun
But when it comes to being bad
A woman's not the only one

Trouble is a man

A man who loves me no more, no more

Trouble is a man

A man I'll always adore

Nothing good to say about him

Still I hate a day without him

Why should he have to be

The one, my only

Trouble is a man

A man who's handsome and tall, so tall

Trouble is a man

Who's for himself and that's all

After all we've done, he didn't mean it

Now I understand, I should have seen it

Trouble is a man

Trouble is a man

Trouble, trouble
