Don't Believe Her

Par Scorpions

Album : Greatest Hits

Out for a thrill

Got time to kill

Just livin' up my dreams

for heaven's sake

She's on the make

A twisted vicar's queen

And then one night we took a ride

She was all over me

Outrageous

Just ain't real

I was too wasted to see

Before you get in too deep

And you get burned by the heat

Oh yeah

She'll take you there

You know it happened to me

She'll make your heart break

She'll give you fever

She'll tell you everything but don't believe her

A perfect stranger

She knows the game

She'll promise heaven on earth

But don't believe her

Out on the street of broken dreams

Where no one ever wins

Just when you thought you'd made a start

You're back where you begin

Before you get in too deep

And you get burned by the heat

Oh yeah

She'll take you there

I think you know what I mean

She'll make you crazy

She's such a teaser

Says you're the only one but don't believe her

She deals in danger

The girl's insane

She'll promise heaven on earth

But don't believe her

Before you get in too deep

And you get burned by the heat

Oh yeah

She'll take you there

You know it happened to me

Don't believe her (Don't believe her)

Don't believe her (Don't believe her)

Don't believe her (Don't believe her)

I can't believe her (Don't believe her)

She'll make your heart break

She'll give you fever

She'll tell you everything but don't believe her

A perfect stranger

She knows the game

She'll promise heaven on earth

She'll make you crazy

She's such a teaser

Says you're the only one but don't believe her

She deals in danger

The girl's insane

She'll promise heaven on earth

But don't believe her

Don't believe her

Don't believe her

Don't believe her

Don't believe her
