Eye To Eye

Par Scorpions

Album : Eye II Eye [USA Edition]

A life begins, another's over

As another day begins

Life runs full circle, getting older

It happens to me, it happens to you

I do believe you're still around me

You're still around me all the time

I have no doubt one day in heaven

I will see you again, I'll see you again, see you again

Break the bread, drink the wine

In my heart you'll live forever

The time to go is never right

When we say goodbye

While we're here we shouldn't waste

A day in life to say I love you

It's now that I'd just wish so much

To see you eye to eye, eye to eye

When you came home the war was over

So many years before my time

I was so proud the day you told me

You haven't hurt anyone, no one

Break the bread, drink the wine

In my heart you'll live forever

The time to go is never right

When we say goodbye

While we're here we shouldn't waste

A day in life to say I love you

It's now that I'd just wish so much

To see you eye to eye, eye to eye

Eye to eye, eye to eye

Break the bread and drink the wine

In my heart you'll live forever

The time to go is never right

When we say goodbye

While we're here we shouldn't waste

A day in life to say I love you

It's now that I'd just wish so much

To see you eye to eye, eye to eye

To see you eye to eye, eye to eye

To see you eye to eye

To see you eye to eye

To see you eye to eye
