Loving You Sunday Morning

Par Scorpions

Album : Scorpions - Bad For Good: The Very Best Of Scorpions

Working hard to get it on for you, everyday and night

I give you all I've got to give, take it all

Love I know that you're feelin' blue, lonely deep inside

'Cause I know how it feels to be alone

Loving you Sunday morning

You were on my mind love everyday

Loving you Sunday morning

Your love makes me fly so far away

People tell me that I'm gonna lose you, our love will die

So tell me is it true, right or wrong

I never ever wanna lose your love, so I will change my life

Believe in me my love, I'm coming home

Loving you Sunday morning

You were on my mind love everyday

Loving you Sunday morning

Your love makes me fly so far away

Working hard to get it on for you, everyday and night

I give you all I've got to give, take it all

I never ever wanna lose your love, so I will change my life

Believe in me my love, I'm coming home

Loving you Sunday morning

You were on my mind love everyday

Loving you Sunday morning

Your love makes me fly so far away
