Wonderful Life

Par Scouting For Girls

Album : Greatest Hits (Deluxe Edition)

My momma says

You're doing yourself in

You're doing yourself in

Where should I begin?

My mother says

You burn the candle at both ends

Always out with all your friends

Burn the candle at both ends

You drink too much

You smoke too much

You stay up late each night

You're always in the pub after work

That you don't get up on time

It's a wonderful, wonderful

Wonderful, wonderful life!

It's a wonderful, wonderful

Wonderful, wonderful life!

Until the morning comes.

Until the morning comes.

My momma says

You're burning yourself out

I'm without no doubt

You're burning yourself out

My mother says

You're wasting your life away

You sleep through every day

You're wasting your life away

You drink too much

You smoke too much

You stay up late each night

You're always in the pub after work

That you don't get up on time

It's a wonderful, wonderful

Wonderful, wonderful life

It's a wonderful, wonderful

Wonderful, wonderful life

Until the morning comes.

Until the morning comes.

You'll never believe it

What happened this evening

The joke wasn't funny

I lost all my money

The policeman, he said

I detest you! In fact, I arrest you!

You drink too much

You smoke too much

You stay up late each night

It's a wonderful, wonderful

Wonderful, wonderful life!

It's a wonderful, wonderful

Wonderful, wonderful life!

Until the morning comes.

Until the morning comes.
